Goals and policy Foundation

Gospel Music Festival (GMF) is an international charismatic movement with the desire to bring the Gospel of Jesus Christ to those that have not been reached. Our mission is to create strong local Christian churches. Especially in countries where the church is or was counteracted due to (former) totalitarian regimes or for other reasons. The Netherlands is the home base for GMF and therefore monthly GMF Holy Spirit Nights and partner events are organized in The Netherlands. This is to preach the Gospel of Jesus Christ and to gain partners for financial support to reach our goals. GMF works together with other international Christian organizations such as irisglobal.org, God.tv, YWAM.org, CFAN.org and ESBS.org to reach Europe with the Gospel. We have the desire to bring the Gospel of Jesus Christ in such a way that:

- Those that not have been reached will be reached
- Those that have not have been touched by the Holy Spirit will be touched
- And, those that have not been encouraged by the Gospel will be encouraged

Our vision is to train and support believers and unbelievers in the most closed nations in the Gospel of Jesus Christ. We also train those that are connected to the local church (such as pastors, prayer teams and counsellors) and help organizing annual Gospel Music Festivals all over the world to reach

people with the Gospel of Jesus Christ. Important values within Foundation Gospel Music Festival are:

- Worship and dedication to Jesus Christ
- God's Word as a guideline
- Love for each other
- To show God's heart for the poor, widows and orphans
- The desire to make known the Gospel of Jesus Christ
- Freedom through the work of the Holy Spirit
- To believe that the impossible is possible with our God

In the week before a GMF campaign we visit, train and coach local churches. After the GMF we do aftercare with return visits and encouragement in churches. We have the desire that the number and size of the GMF's will increase every year. International Gospel Music Festivals are open and free to visit and are, besides the training and coaching surrounding the festivals, characterized by music from local artist, sermons, worship and ministries focussing on the Gospel and gifts of the Holy Spirit. We focus specifically on the most 'closed' countries for the Gospel of Jesus Christ. The estimated number of visitors varies from 10.000 up to 150.000 people per GMF.
